TELSTAR REGIONAL HIGH SCHOOL ZODIAC 1999

Bethel, Maine 04217

Dear Graduates:

Offering you some words that you'll find meaningful is not easy. Most thoughts provided for graduates have been stated many times so originality becomes an issue. I decided to suggest some thoughts that have provided guidance for me in the hope they may do the same for you.

- ◆ Happiness is not gauged by how much "stuff" one can collect.
- ◆ If work becomes drudgery, change jobs. An unhappy employment situation will make you miserable.
- ◆ Continue your education but realize a great deal of what we learn does not require a classroom or book.
- ◆ It's easy to have numerous acquaintances, but true, lifelong friends are few.
- ◆ Maintain a strong work ethic but be sure to balance it with your family's needs.
- ◆ It's much easier to say "yes" than "no".
- ◆ Value, love and respect grandparents and parents. You'll experience a permanent sense of loss when they are gone.
- ◆ There is a supreme being.
- ◆ Financiers will tell you the most important decision you'll make is purchasing a home. The most important decision you'll make is selecting a spouse.
- ◆ There is no training for it and the heartaches are many. However, being a parent is the best, most rewarding and difficult job one can have.

I trust and hope you'll find these thoughts helpful. My very best to you in all your attempts.

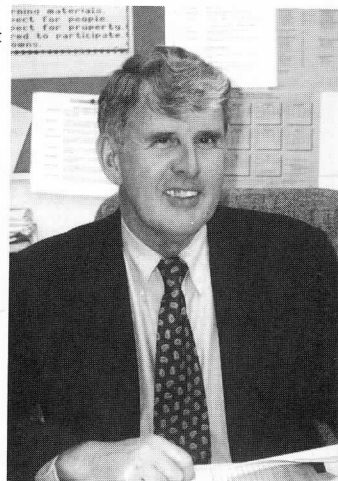

Kent E. Rosberg, Superintendent

TO THE CLASS OF 1999

During the past four years you have worked to meet Telstar's goals and standards, now that you are graduating you have a tougher challenge, you must set your own goals and your own standards. I hope that your years at Telstar prepared you for the challenge that awaits you.

Keep working hard, keep striving, and good luck to each of you in the future.

Theodore R. Davis
Principal

Congratulations to the Class of 1999. Your high school education has provided you with the tools to meet the many challenges ahead. Always remember that formal education is no substitute for common sense, but it does provide you with a background from which good decisions can be made.

Where ever your future endeavors take you, remember the good times at Telstar, the lessons learned and the friends that you made. I would like to take this opportunity to wish you future success and happiness as graduation opens the door to the rest of your life.

Carroll Higgins
Assistant Principal/
Athletic Director

How you live today affects all of your tomorrows.

Remember that turning down the wrong road is part of the journey, and finding the way back is your challenge.

Remember that if you keep love close to your heart, home will never be far away.

There will be expectations not met, promises lost, tears, and moments of despair.

Remember, however, to be grateful for the sunshine and to find hope in the rainbow.

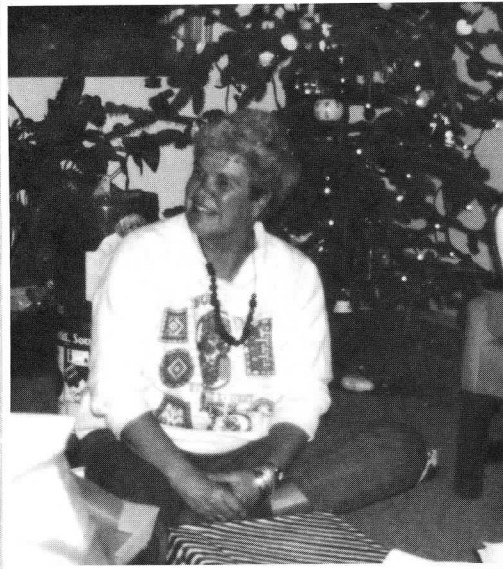

Remember to laugh from your soul and always hold on to your dreams.

DEDICATION

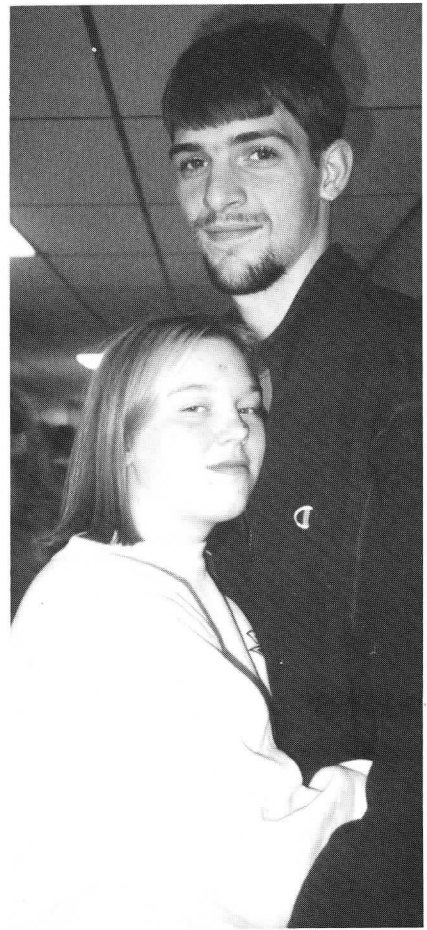

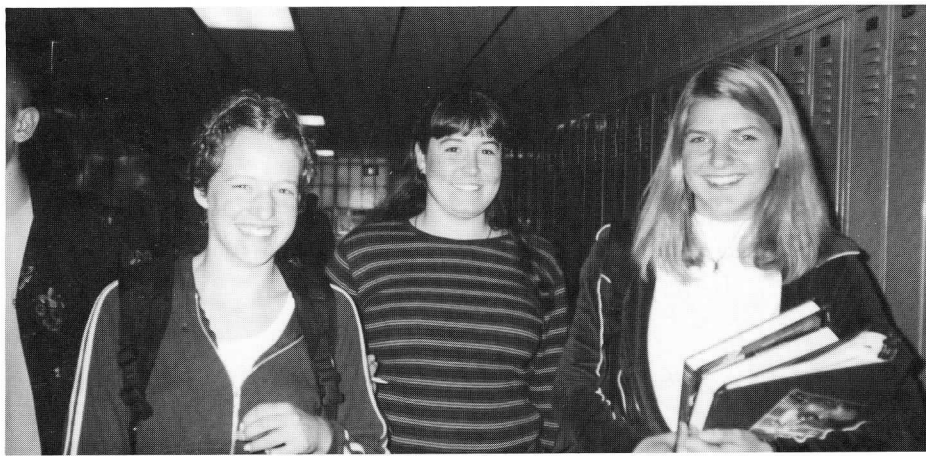

Mrs. Mary Brown

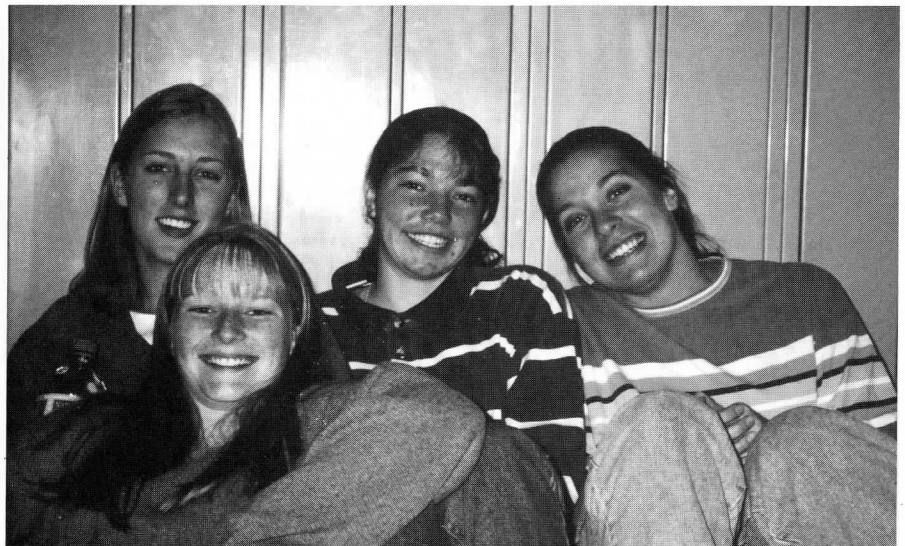

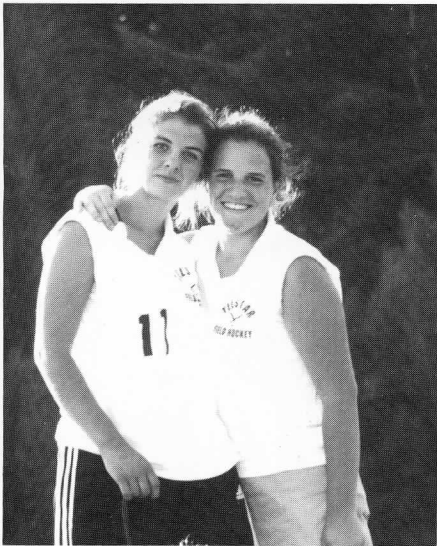

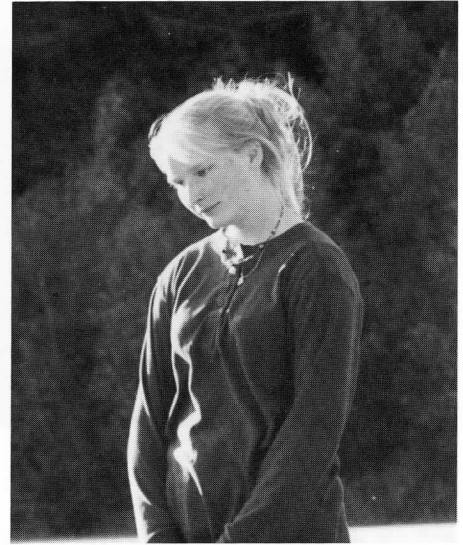

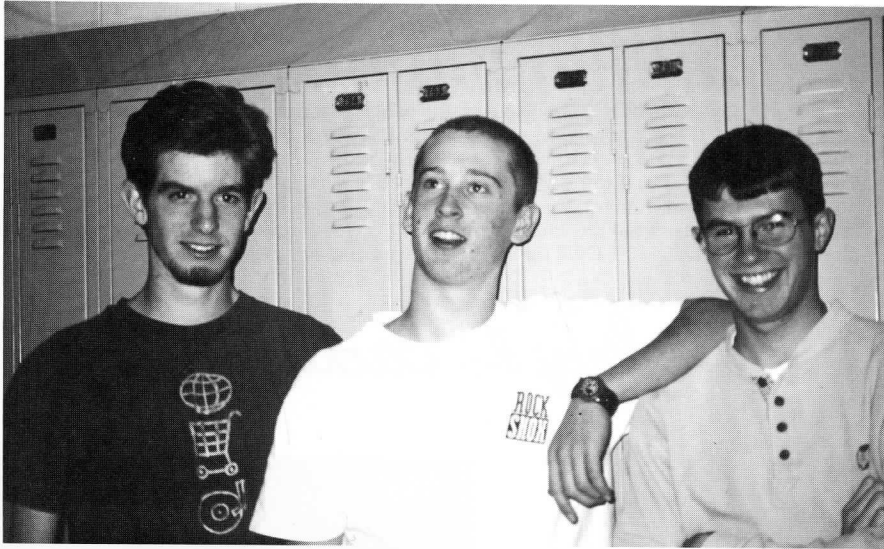

This year the senior class would like to dedicate the yearbook to Mrs. Mary Brown. Mrs. Brown worked in the high school office as a secretary and bookkeeper when Telstar first opened its doors. After twelve (12) years, she decided it was time for a change, so she went to work for the Bethel Area Health Center. After Mrs. Brown retired from the Health Center, Mr. Davis approached her with the idea of coming back to Telstar as a Substitute Teacher. Mrs. Brown agreed and has worked as a substitute teacher since 1992. During our years at Telstar, Mrs. Brown has been a part of our daily lives. Her smiling face has greeted us in a variety of classrooms, in the office, and in the halls. Mrs. Brown once expressed that she was happy working as a substitute because she "loves the high school students, they keep me going and give me purpose."

Well, Mrs. Brown, we love you too! You are always there smiling and saying things to brighten our day, or to scoot us on our way. You always have a kind word, a hug, or something to make us smile. You've given us so much and we thank you!

Love the Class of 1999

Around the corner I have a friend in this city that has no end, yet the days go by and weeks rush on, and before I know it, a year is gone. And I never see my old friend's face, For life is a swift and terrible race, He know I like him just as well, As in the days when I rang his bell and he rang mine. We were younger then, and now we are busy tired men, Tired of playing a foolish game, Tired of trying to make a name. "Tomorrow" I say, "I will call on Jim just to show I'm thinking of him." But tomorrow comes and tomorrow goes, And distance between us grows and grows, Around the corner yet miles away, "Here's a telegram sir, Jim died today." And that what we get and deserve in the end. Around the corner, a vanished friend. If you love someone, tell them. Remember always to say what you mean. Never be afraid to express yourself. Take this opportunity to tell someone what they mean to you. Seize the day and have no regrets! Most importantly, stay close to your friends and family, for they have helped make you the person you are today, and are what it's all about anyway! Thank you so much SR, SB, and VC for helping me enjoy my senior year!

To make it short and sweet, thank you to everyone who has been there for me. All my friends, you guys put up with a lot without killing me, even though Sadie tried with that snow bank. You guys have helped me through a lot with everyone just being there, along with VC nagging, I mean advice. I love you all, even you Ang. Matt, try and stay out of trouble, it's ok to have fun but there's a lot of us who care about you. Jason, you're a great guy and friend, I hope you find someone who treats you as good as you deserve. To my parents who've had to deal with more than most and still stood behind me, I love you guys big, thanks for letting me learn on my own. My love always. Finally Nick, the last two years have been crazy ones. We've been through a lot and I don't know how I would've done it without you. You're the greatest thing that's ever happened to me, I'm always here for you. Just don't forget those birthday wishes. I love you more today than yesterday but not as much as tomorrow. Thanks for everything cupcake!

I would like to thank my teachers and friends for helping me make it through high school. A special thanks to Miss Read for giving everyone a second chance. The class of '99 is the best class I've ever been in. I'll always remember playing basketball with YY, AH, KS, SS, BS, CE, DM, PB, RC, RS, CB, AO, PC, JD. Thanks guys. My best memories would have to be with my girlfriends TS, CC, EL and also going to the junior/senior prom with SM. My likes are people that are nice, people that don't say racial remarks, and people that like to play basketball. I would like to say thank you to all of my friends and teachers for the best high school years in my life. Good luck to the under classmen make your high school years the best years of your life.

Jamie Lynn,
Where have all
the years gone?

It seems like
only yesterday
that you were get-
ting on the school
bus for the first
time. Watching
you grow has been
a heartwarming
experience.

We believe in
you and know you
have what it takes
to follow your
dreams. Follow
that strong and
beautiful spirit of

yours. May all your memories be happy ones.

Remember, as life goes on, you must stop and take
time to "unload your backpack".

Love,
Mom & Dad

Jamie: You light up my life! Love, Grammie Johnson

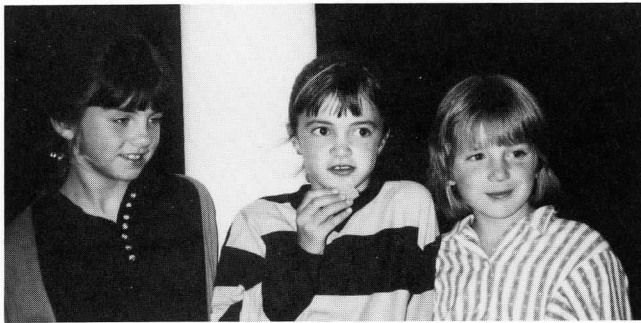

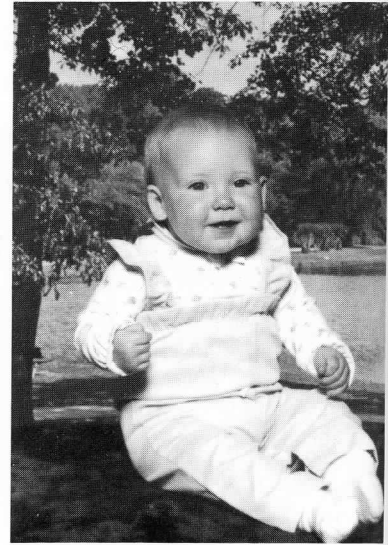

Stacy,
My, oh my, how you have grown.
Who would have guessed,
Who could have known.
Your childhood gone, gone so fast,
It's time to put away things from the past.
New adventures just ahead,
And into adulthood you are lead.
College bound, you're on your way,
So don't let anything stand in your way.
We're so proud of
you.

We know you can
do it.

Just try hard and
do it to it.

We love you!
You are our
sunshine

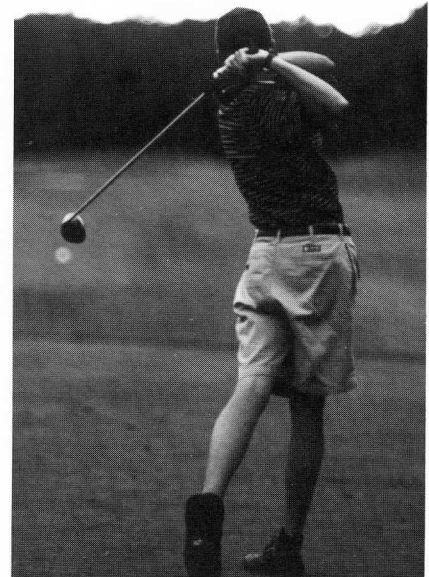

Love,
Mom, Dad, and
Amber

Erin, Mandy, and Shawna
"CONGRATULATIONS"

Erin,
You're a great sister! Congratulations! Love, Wade

Neil,
We couldn't be prouder! Whatever road you choose to fol-
low, Know that we'll always be there for you. We love you
very much!

Love and Best Wishes,
Mom & Bill

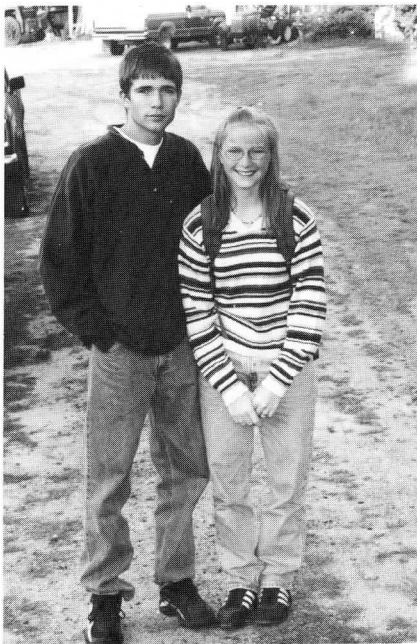

Brandy,

There are no words available to describe the feelings of watching your baby graduate from high school. Teaching you and learning from you has been a journey of love, each day filled with such joy and happiness. We are so proud of the child you were and the exceptional person you have become; confident there is no dream too big, no goal beyond your reach. You hold in your hands the ability to make a difference in the world.

On the day you were born it seemed like you would be our little girl forever, then we closed our eyes for just a moment and you became a beautiful young woman. Brandy, you are the pot of gold at the end of our rainbow. We love you more than words can say.

Love always,
Dad & Mom

Brandy,

It's been amazing watching you grow from a little girl that I watched over to the independent woman you've become.

I'm very proud of you, Boo. Reach for the stars, and remember I'm always here for you.

Love,
Heath

Erin,

You'll always be our little girl!

We love you and are very proud of you!

Love,
Mom & Dad

Mary Ann,

From the time you were born, 17 years have past. Day one until now have gone much too fast. Learning to walk on top of my shoes, to driving a standard, now that's a feat! Dollies to dances, from bikes to the car, I know leaving home will not be too far.

The valleys you've crossed, the mountains

you'll climb, good times and hard times, you've got to be strong. You know that we're here to give you a hand when things are confusing and things don't seem fair.

These words that I write don't start to explain, the love that we feel and the knowledge we've gained from having a daughter like you.

I'm not very clever, but two things I know: God sent you from heaven and your Dad's little girl.

MaryAnn, we love you. Best of luck and god speed.

Dad, Mom, Andy

Malinda,

Dearest child, you're one of three,

We're just as proud as we can be.

Your hard working ways and sunny smile,
Will certainly help you make the mile.

You're known by many names, it true,

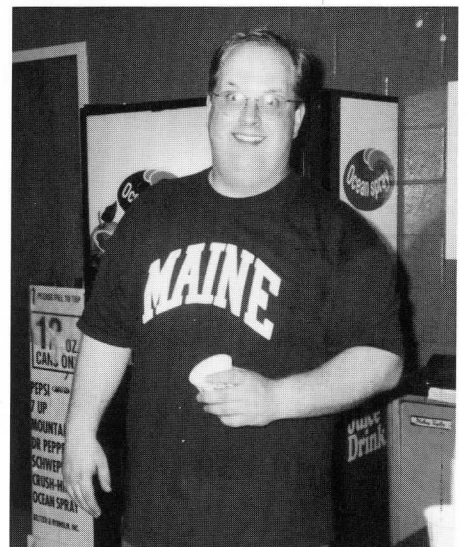

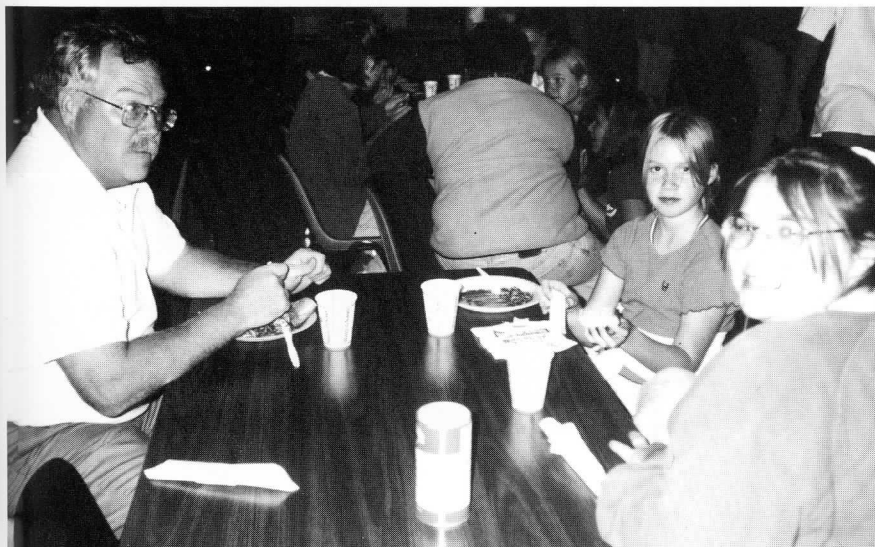

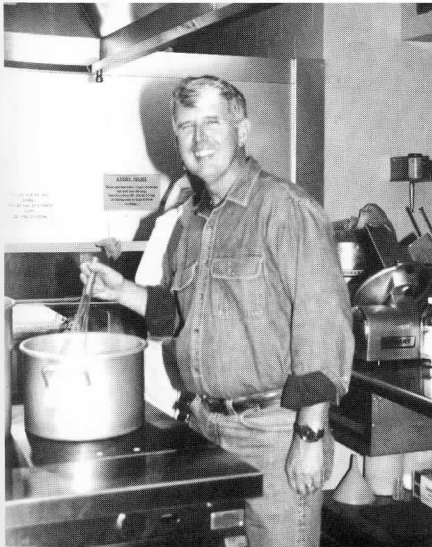

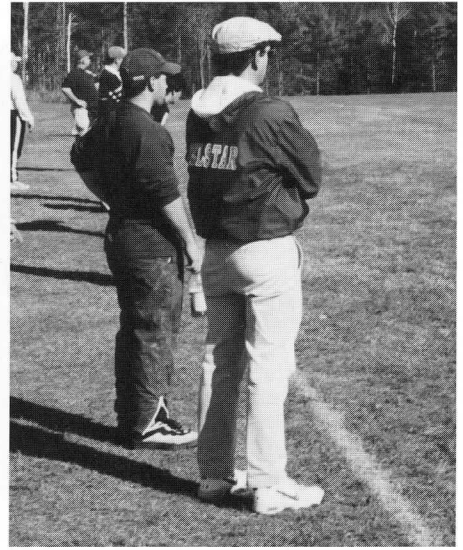

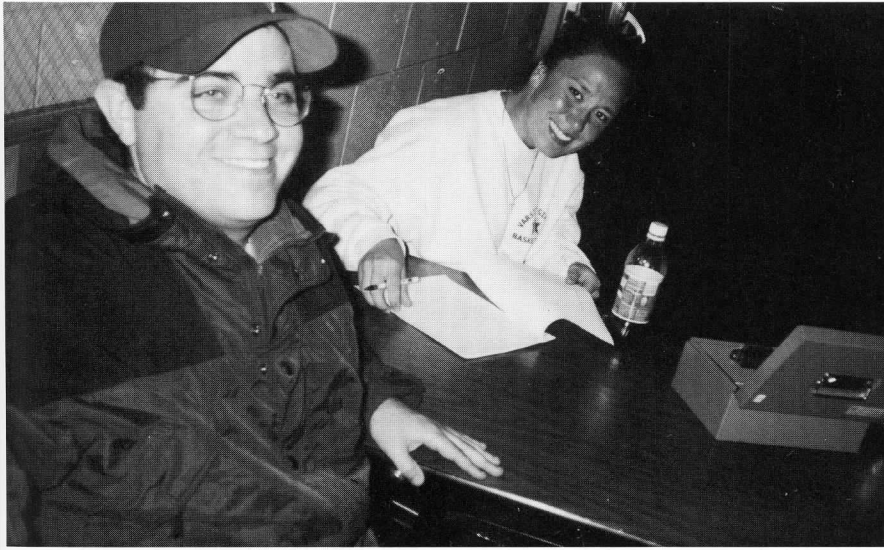

Killer and Scrounge to name a few,

But, by whatever name you're called,

You're loved very much by one and all!

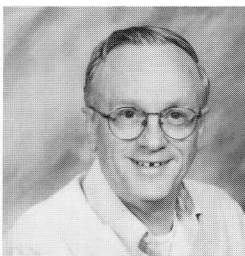

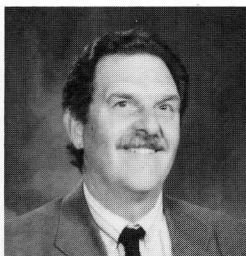

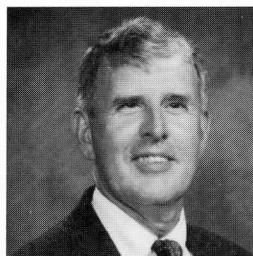

Much love,
Mom & Dad
